The PC LINE™ is the revolutionary slim and feather-weight LED/LCD Monitor by **ad notam**®. It is particularly suitable for POS and POI content management, touch-screen oriented applications, and systems which require CMS interaction. The PC LINE™ is the ultimate fusion of design versatility with technology and media, offering seamless synthesis with any interior or furniture design without influencing the nature of its functionality.

The PC LINE™ external mini PC and input-box allows for unique design fusion at tight environments. The ingenious design and engineering of the PC LINE™ requires only a single signal and power cable, which can be extended up to 4 meters in length, allowing for extreme flexibility in mounting and for particularized placement. When combined with **MAGIC MIRROR**®, the PC LINE™ will even render the image area completely invisible when turned off, leaving your environment with nothing more than a stylish mirror. For further information and specifications please visit our website at www.ad-notam.com.

Possibilities for applications are potentially endless and include:

- Digital Signage at public environments such as airports, shopping malls, etc. ✓
- Interactive POS and POI ✓
- Commercial Foyers ✓
- Elevators ✓
- Localized internet ports such as refrigerators ✓
